

Accessibility Statement

This statement was last updated on *July 1, 2026*.

We at HarborView Professionals LLC are working to make our website <https://harborviewpros.com> accessible to people with disabilities.

What is web accessibility?

An accessible site allows visitors with disabilities to browse the site with the same or a similar level of ease and enjoyment as other visitors. This can be achieved with the capabilities of the system on which the site is operating, and through assistive technologies.

Accessibility adjustments on this site

This site's contents have been adapted to work with assistive technologies, such as screen readers and keyboard use. As part of this effort, we have also:

- Used the Accessibility Wizard to find and fix potential accessibility issues
- Set the language of the site
- Set the content order of the site's pages
- Defined clear heading structures on all of the site's pages
- Added alternative text to images
- Implemented color combinations that meet the required color contrast
- Reduced the use of motion on the site

Requests, issues, or suggestions?

If you find an accessibility issue on the site, or if you require further assistance, you are welcome to contact us through the organization's accessibility coordinator at support@harborviewpros.com
